Massage supplies

Dear massage student,

Hereby we give you some practical information.

Please read this if you like to know about certifications, scholarships, supplies and more.

Create a healthy day and see you soon in our school,

Nicole and Manel

INTERNATIONAL CERTIFICATIONS AND EXAMS

- After every course (online or offline) you have the possibility to schedule the practical exam in our school.
- After graduation, you will receive an internationally recognized certification. This is optional and costs 90 euro per exam.
- We give you the opportunity to study at your own pace, so you can take your exam whenever you feel ready. You can follow another course without taking the exam for this course. Up to you!
- When you are ready for the exam, just send us an email to info@thai-hand.com with your availability and we can plan the exam accordingly. The exam exists of giving a massage to the teacher, following the whole book.
- We will arrange a model for you and you need to bring your 5 case studies (read below more about case studies).
- In the case of retaking the exam, the cost is 90 euro.
- After passing the exam, you will receive international certification.

DO YOU NEED EXTRA LESSONS?

In the case you feel you need extra lessons, this is possible. Everyone learns in his/her own pace. You can choose to:

1. Book a private lesson (investment: 1 hour is 75 euro and 2 hours is 150 euro) – please send us an email with your availability to info@thai-hand.com
2. You can also choose to repeat the whole course (investment: 50% of the course fee). You can book online. You can check the schedule here and send us an email with which date you like to attend. We will then send you an invoice and you can transfer the repeat fee.

SCHOLARSHIP

1. Some of our students let the Thai Hand courses be paid by their boss or if you work for Het Rijk, the government can pay your courses.
2. Others let family/friends sponsor their courses by crowdfunding: you sell your family and friends vouchers for about 20 euro for a massage that you will give after you finished the course. In this way, you get your course sponsored and make your friends and family healthy! We find this idea amazing and love to share it with you!

THE CASE STUDIES

Please print out the case study forms and let your friends/family fill up these forms after you gave them a massage. This is very helpful for you with your practice. The comments of your friends/family will teach you a lot, so you can improve your massage treatment. Please bring the filled in case studies (5 per course) on the day of your exam.
